

**For customers looking to add the natural beauty of stone into their products, Isinglass Designs exclusively offers Cambria Quartz.**

### **Quality**

- Cambria prides itself on producing the best stone products in the industry. To achieve excellence, Cambria takes quality seriously.
- They use only the best raw materials available in the marketplace and undertake multi-point quality assurance inspections ensure that the product you receive is of the highest quality.

### **Safety and Durability**

- Quartz is one of the hardest minerals found in nature. Cambria is 93% natural quartz and stronger than granite.
- Cambria is certified by NSF International (Standard 51-Food Equipment Materials) as safe for use as a food preparation surface.
- Its nonporous surface resists absorption of moisture and food materials, which can harbor harmful bacteria.
- Cambria is nonporous, and therefore nonabsorbent, reducing the risk of staining caused by food and moisture penetration.
- Cambria products are certified Kosher. **UMKosher** represents the highest quality of Kashrut supervision. The UMKosher symbol is universally recognized and is accepted and respected by all major Kosher organizations.
- Cambria offers a **Lifetime Limited Warranty** against manufacturing defects.

### **Sustainability**

- Cambria is certified **GREENGUARD Gold** as a low-emitting product for indoor air quality and is suitable for any environment. Cambria has also been thoroughly tested for radon by Air Quality Sciences, Inc. These tests have independently confirmed that Cambria natural quartz surfaces have no harmful emissions of any kind.
- Cambria may contribute to projects achieving **LEED** points towards certification.
